

The Parks Alliance

SEASON NINE FARMRAISER

SATURDAY | SEPTEMBER 24 | 2022

Indy Urban Acres, an initiative of The Parks Alliance of Indianapolis, is a collection of farms that utilizes organic farming practices. We work daily to empower and educate people by providing equitable access to free, high-quality produce. Indy Urban Acres is guided by the core belief that all people deserve access to healthy food. Since 2013, Farmraiser has served as the annual fundraising event to bring awareness to IUA's mission while raising funds that directly impact the operations of this multi-disciplinary farm system.
